

Goin' on a Picnic

Ev'rybody gather 'round!
Gonna have a picnic on the ground.
You can bet I'll be their guest,
That's 'cause I'm a picnic pest!

Chorus:

Picnic! C'mon let's have a picnic!
With lots of food that's fun to eat,
Goin' on a picnic can't be beat!
(Repeat)

Let's all do a picnic dance.
What's a picnic without ants?
All you have to do is chew,
At the outdoor barbecue!

Chorus

Come on bugs, now gather 'round!
Gonna cut a rug here on the ground.
Swing that partner that you've found.
Buzz around with a picnic sound!

Bzzzzzzz!	Bzzzzzzz!	Bzz! Bzz! Bzz!
Bzzzzzzz!	Bzzzzzzz!	Bzz! Bzz! Bzz!
Bzzzzzzz!	Bzzzzzzz!	Bzz! Bzz! Bzz!

Chorus

Mmmmmmm! That's good!

Be a Lady

If someone treats you rough,
And life is kind of tough,
You think you've had enough but be a lady!

If someone isn't kind,
And friends are hard to find,
You just say never mind and be a lady!

Chorus:

Be a lady! Whoa, oh, oh, be a lady!
Whoa, oh, oh, be a lady!
That's what I am!

If someone isn't nice,
Their heart's as cold as ice,
Well just take my advice and be a lady!

If someone hurts your pride,
You'd like to run and hide.
You just keep dignified and be a lady!

Chorus

When all you see are dots!
Complexion's full of spots!
Remember all you've got and be a lady!

When all your friends have fled,
And all you see is red,
Just keep a level head and be a lady!
(Chorus 2 times)

Firefly

Firefly, firefly, keeping me company
Turn on your gentle glow.
See how you shine!

Firefly, firefly, light up the night for me.
You shine your light and I _____ will shine mine.

Chorus

Firefly, firefly, I'll set you free!
Firefly, firefly, you're a friend to me!

One light will be a light for peace, two for show.
Three fill our hearts with friendship,
Warm in your glow.
Let the light flow!

Firefly, firefly, light up my life for me.
Turn all the darkness into soft light.
Firefly, firefly, now I can really see.
You shine your light and I _____ will shine mine.

Chorus

March of the Army Ants

Chorus

This is the Army, Mister Ant!
This is your Army battle chant!
The march has just begun,
We march as one,
But watch our numbers grow!
We are the military ants.
We take a military stance.
For us it's left, left, left
Then right, right, right
With six strong legs we go!

Solo:

I'm an ant, now how 'bout you?
Army ants know what to do!
Listen to our ant report!
Picnics are our fav'rite sport!
Left, left, left! Right, right, right!
Left, left, left! Right, right, right!

Group:

I'm an ant, now how 'bout you?
Army ants know what to do!
Listen to our ant report!
Picnics are our fav'rite sport!
Left, left, left! Right, right, right!
Left, left, left! Right, right, right!

Chorus

Solo:

Ev'rybody fall in line!
Army ants are feelin' fine!
If you think you did us in,
We'll show up in your kitchen!
Left, left, left! Right, right, right!
Left, left, left! Right, right, right!

Group:

Ev'rybody fall in line!
Army ants are feelin' fine!
If you think you did us in,
We'll show up in your kitchen!
Left, left, left! Right, right, right!
Left, left, left! Right, right, right!

Ten ---- hut!

Things Change

At times, things may look dark.
They may seem hopeless like endless night.
Some days, you've lost your spark,
You've lost your focus, you've lost your light!

Chorus

1st time: But clouds don't stay forever;

2nd time: That clouds don't stay forever;

Rainbows do appear,

So even though it's stormy,

There's one thing very clear:

Things change! Things will change!

We grow, we're not the same.

We change our colors, we change our tune.

And then, it's a new game.

We learn like others, so very soon:

Chorus

You'll come to see how beautiful you can really be;

And when you do, your life will change,

And it will set you free!

Things change! Things will change!

And you'll be beautiful. . .

Like me!
