

ALL OF US

EVERYONE:

All of us come across the water,
All of us come across the sea,
All of us come from somewhere,
You're no different than me.

All of us come across the water,
All of us come across the sea,
All of us come from somewhere,
From the old country

Some of us, we were born in Ireland,
England, Germany,
India, Africa, Asia,
Russia, Italy

Some of us come from Puerto Rico,
Poland, Sweden, France,
China, and Japan,
We too want a chance.

All of us come across the water,
All of us come across to be
In this golden land of plenty
And opportunity.

All of us come across the water.
